PHILADELPHIA FLOWER SHOW: “**HOLLAND flowering the World**” will be the spectacular theme for the 2017 Philadelphia Flower Show – the largest indoor flower show in the world! We spend a full day seeing the amazing landscape gardens, viewing the hundreds of competing exhibits plus there are over 400 vendor booths to meander through.

PHIPPS CONSERVATORY AND BOTANICAL GARDENS is a complex of buildings and grounds set in Schenley Park. The gardens were founded in 1893 by steel and real-estate magnate Henry Phipps as a gift to the City of Pittsburgh. Its purpose is to educate and entertain the people of Pittsburgh with formal gardens (Roman, English, etc.) and various species of exotic plants. Currently, the facilities house elaborate gardens within the thirteen room conservatory itself and on the adjoining grounds. In addition it houses the sophisticated glass and metalwork of the Lord & Burnham conservatory - an interesting example of Victorian greenhouse architecture. Phipps is one of the "greenest" facilities in the world. www.phipps.conservatory.org

LONGWOOD GARDENS is one of the world's premier horticultural destinations. In spring, we experience the dazzling world of orchids as the Conservatory is transformed into a lush oasis showcasing the divas of the plant world. Longwood's Conservatory is one of the world's great greenhouse structures. It shelters 20 indoor gardens and 5,500 types of plants. We also allow plenty of time to stroll the outside gardens (over 1,000 acres) and tour the DuPont House. www.longwoodgardens.org

OPTIONAL tours could include: the fabulous **BARNES FOUNDATION** www.barnesfoundation.org the newly opened facility displaying the largest private collection of Impressionists in the world. \$ 45+ billion worth of art!

A VISIT TO PHILADELPHIA would not be complete unless you stop and see the Liberty Bell – which will be included in the city tour. Shopping is always an optional activity and tickets to the current entertainment events can be arranged.
